

Common Entrance Latin at Cargilfield

The teaching of Latin begins in Form 6 and from the start Common Entrance is the main focus. Throughout the next three years, we work towards the Common Entrance exam which is sat at the beginning of June each year. To prepare for this, those in Form 6 and Form 7 will undertake exams in both the autumn and summer terms, whilst those in Form 8 will have an additional mock in February. This process allows the children to become accustomed to the Common Entrance exam process and when the time comes for their actual Common Entrance exam, they will be able to confidently endeavour to do their best.

The Syllabus

The Common Entrance syllabus aims to promote a firm understanding of the essentials of Latin and to also foster an interest in the Greek and Roman worlds. It is intended to meet the needs of those children who may have had only a limited exposure to Latin as well as of those who have reached a more advanced stage. Therefore the syllabus consists of different levels. In Latin, there are three levels at Common Entrance. Level 1 is intended for candidates who have studied Latin for 1 to 2 years. Level 2 is for candidates who have studied Latin for 2 to 3 years. Latin level 3 is for candidates who have a greater depth of learning. With this in mind, Form 6 beginning studying Level 1 straightaway, moving on to Level 2 in Form 7 and 8 and moving onto Level 3 when showing a high degree of understanding.

Each Common Entrance Level is both rigorous and rigid in what it wants; a grammar-based understanding of how the language works and an ability to translate both Latin-English and English-Latin.
